TERMINAL DISCLAIMER

COMMISSIONER FOR PATENTS
P.O. Box 1450
Alexandria, VA 22313-1450

S I R :

The name of the owner of record of 100% interest in the instant application, namely: NKK Corporation, by

Assignment recorded on: June 18, 2001

Reel: 011897 Frame: 0698

as a result of a merger has been changed to JFE Engineering Corporation. JFE Engineering Corporation subsequently assigned the instant application to JFE Steel Corporation by an assignment filed with the USPTO but not yet recorded.

Because they are not yet recorded into the USPTO database, copies of an English translation of the name change document and of the Assignment document with the recordation requests, are attached to this Terminal Disclaimer.

The owner hereby disclaims, except as provided below, the terminal part of the statutory term of any patent granted on the above-identified present application which would extend beyond the expiration date of the full statutory term defined in 35 USC

154 and 173, as presently shortened by any terminal disclaimer, of the following commonly owned issued patent:

Patent No.: 6,632,295

Issue Date: 14 Oct. 2003

(which issued on Application Serial No. 09/864,473).

(USP 6,632,295 is also owned, on the record, by NKK Corporation, but is now owned 100% by JFE Steel Corporation as evidenced by the aforesaid documents filed, but not yet recorded into the PTO database.)

The owner hereby agrees that any patent so granted on the above-identified application shall be enforceable only for and during such period that the patent granted on the above-identified application is commonly owned with said issued patent.

This Agreement is to run with any patent granted on the above-identified application and to be binding upon the grantee, its successors or assigns.

In making the above disclaimer, the owner does not disclaim the terminal part of any patent granted on the present application that would extend to the expiration date of the full statutory term (as defined in 35 U.S.C. 154 and 173) of said commonly owned issued patent, as presently shortened by any terminal disclaimer, in the event that any such issued patent: expires for failure to pay a maintenance fee, is held unenforceable, is found invalid by a court of competent jurisdiction, is statutorily disclaimed in whole or terminally disclaimed under 37 CFR 1.321, has all claims canceled by a reexamination certificate, is reissued, or is in any manner terminated prior to the expiration of its full statutory term as presently shortened by any terminal disclaimer.

The undersigned hereby states that he is an Attorney of Record in the above-identified present application and is empowered to sign this Terminal Disclaimer on behalf of the Assignee.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
